

AMBIPOLY

The 2nd Gen. Synthetic Reed

MOUTHPIECE COMPATIBILITY CHART

When shopping for a new reed, it is important to consider how compatible the reed's profile is to the shape of your mouthpiece. Although any AMBIPOLY reed works great with any mouthpiece, choosing the best profile is advised for optimal sound and experience. Explore this list of common mouthpieces to see which AMBIPOLY profile pairs best to your mouthpiece.

The list will be keep extending. If you don't see your mouthpiece in this chart, ask us at customerservice@silversteinworks.com or call +1 201 471 0700.
